

By their fruit you will recognize them

The article "Movement of the Grail - Plenty of Dark in the Light of Truth" by V. D. Rosé mentions that O. E. Bernhardt deified himself. It is not so. Such a high-rank Forerunner who came to Earth from a superhuman level is incapable of weaknesses that people try to attribute to him. The false belief arose from misunderstanding the reason for the presentation in the first person of the Word of Abd-Ru-Shin. The article "History repeats itself" explains this reason in detail.

Remember the great names of John the Baptist (Ismael), Jesus Christ, and O. E. Bernhardt (Ismael, who lived in our time). None of them tried to canonize themselves. Canonization happened automatically in the souls of millions grateful for their sacrificial work of human salvation. Their deeds speak for themselves, sounding very loud for millennia to come!

They did not succumb to the fear of death, defending the Truth and Majesty of God in people's eyes.

Compare these events with the deeds of vain and greedy little people who could barely wait for the death of O. E. Bernhardt. They immediately "canonized" their conceited lowlife and fraudulently appropriated public funds designated to promote the Message to people.

Indeed, by their fruit do we recognize the agents of the Darkness in sheep's clothing.

Why are more and more translations of the Epistle appearing, in which the meaning of the Message in places becomes increasingly diluted, if not lost? That is how these shady personas operate in cahoots with the Darkness to suppress the stream of Light that came to Earth.

Incredible narrow-mindedness, arrogance, and lack of faith in the Creator brought them virtually to spiritual death. The Darkness has already assumed that

through its proxies it managed to block and distort the Word and defeat the Holy Will that undertook to restore order on Earth.

As indicated in the Message, cleansing the planet from the Darkness won't delay even for a minute. The Word of God, proclaimed to humanity through the Message, has already been implementing its warning and explanatory work for almost a hundred years. And as of today, It has fulfilled Its preparative task.

The Greeting of the Son of Man is about to sound on Earth, thus fulfilling the Promise. He will be heard and accepted only by those who, having come in contact with the Word, began to act without halting for a moment. Only those who entered this Path not out of fear but out of conscience have a chance at salvation. It will be how it was said two thousand years ago - many are invited, but chosen, i.e., saved, will be few.

The execution of the verdict is approaching for liars, swindlers, and piggyback loafers.

The Lord has sent us a Ray of Light, a Ray of Hope, a Ray that delivers us from the Darkness. The era of evil is coming to an end.

Head to the Light and be happy!
